

Bible Reading and Memorization Plan for 2020
By Bubba Stahl, pastor

This Bible reading and memorization plan is built around reading and praying a Psalm a day, corresponding to the day of the month, for five months (150 Psalms, 150 days = 5 months). It adds one section from Psalm 119 to be repeated for seven days (22 weeks in 5 months; 22 sections in Psalm 119). It is recommended that you take one or more verses from the Psalm 119 section for the week and memorize it for the week. As you read the Proverb reading each day be sure to mark the number of the Psalm beside the first verse of that day's reading. Do the same for the gospel readings and letters reading. This will mark your Bible for the second five-month reading/praying of the Psalms. For example: beside Proverbs 1:8 write the number 2, beside 1:16 write 3; beside Romans 1:18 write the number 2; beside Romans 2 write the number 3.

After you have finished the readings in Psalms and Proverbs spend a few minutes thanking God for what He has said and done (and will do in you, with you, and through you by His powerful word at work in your life) and praising Him for who He is and always will be. After you have finished your gospel reading, spend a few minutes confessing your sins, because in Christ you are forgiven, and asking our Lord to teach you by His Holy Spirit who indwells you. Following the reading from the letters, spend a few minutes making your requests known to the Father. Conclude by reviewing and praying your memory verse for the day, for the week.
